**IN THE CLAIMS:**  
Claims 24-26 have been cancelled.

### **REASONS FOR ALLOWANCE**

4. The following is an examiner's statement of reasons for allowance.  
  
These comments are made in addition to the remarks in Applicant's specification and arguments, concerning the manner in which the invention distinguishes from the art discussed therein. The Examiner notes that the prior art does not disclose or suggest the claimed combination including particularly a coin separator and rejector body having two or more hinged segments which define one or more downwardly inclined coin races formed between the hinged segments with one or more sensors located in an upstream

portion of the rejector body, an actuator in mechanical connection with the pivotal portion of said race wall, i.e. said first wall or said second wall, and a programmed processor in communication with said one or more sensors and with said actuator such that said actuator will pivot said pivotal raceway portion from said closed to said open position upon detection of a coin by said one or more sensors. The prior art lacks this structure or anything equivalent to it.

The foregoing is an Examiner's Statement of Reasons for Allowance.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to JEFFREY A. SHAPIRO whose telephone number is (571)272-6943. The examiner can normally be reached on Monday-Friday, 9:00 AM-5:00 PM.
